NY

WORKFORCE
COMPLIANT

ONE CONTRACTOR. EVERY CIVIL SCOPE.

Omega Site Services is a specialized civil contractor supporting EPCs, developers, and asset owners across the Northeast United States. We bring grading, drainage, trenching, restoration, and energy-infrastructure support under one accountable team.

ENERGY-SECTOR EXPERTISE

Solar and distributed-generation experience.

INTEGRATED CIVIL DELIVERY

Connected scopes under one accountable team.

SAFETY-DRIVEN CULTURE

Quality and safety in every task and procedure.

SITE WORK THAT CLEARS THE PATH.

01 CIVIL CONSTRUCTION

Mass and fine grading
Roadway, pad, and laydown-area construction
Stormwater management and SWPPP maintenance
Trenching, backfill, restoration, and stabilization

02 ENERGY INFRASTRUCTURE

Solar site preparation and mobilization
Distributed-generation and utility-scale support
Civil works for hybrid and battery-storage projects
EPC partner labor and field support

03 RESTORATION + O&M

Final stabilization and site restoration
Erosion-control and stormwater maintenance
Post-construction remediation
Long-term civil support

04 SITE DEVELOPMENT

Grading and drainage solutions
Roads, pads, access, and laydown areas
Erosion and sediment control
Final site stabilization

SAFETY + QUALITY

ZERO INCIDENTS. PROVEN DISCIPLINE.

0 recordable incidents and 0 lost-time incidents
Standardized JSAs and daily pre-task plans
OSHA 30-trained field supervision
Integrated QA/QC and corrective-action tracking

WORKFORCE COMPLIANCE

TRAINED LABOR. COMPLIANT DELIVERY.

NYSDOL-compliant workforce participation for public and prevailing-wage project delivery.
